

Four Mile Fire
Training Information
10/3/2008

Our regular trainings, both wildland and structure firefighting, are coordinated through JointFire, an association of the Four Mile, Sunshine, and Gold Hill fire departments, administered by the Boulder Emergency Squad. Please see the [JointFire website](http://www.jointfire.com) (<http://www.jointfire.com>) for dates, times and locations. Prospective firefighters are welcome at any training; please check in with the instructor when you arrive.

Medical training is currently in the form of continuing education credits for EMTs only, administered by Pridemark Paramedic Services, with one three hour session at the PPS office in Boulder, and one elsewhere in the county each month. Please see their [schedule](#) for information.
